Download

Not recommended for production use. It is not supported by the Ubuntu security team, and it may not be receiving upstream security updates. See more details at !info compizconfig-settings-manager compizconfig-settings-manager (source: compizconfig-settings-manager): Compiz configuration settings manager. In component universe, is extra. Version 0.9.5.91-0ubuntu3 (raring), package size 94 kB, installed size 1206 kB Anyone think to use the iscsi mount for just that purpose? yeah if it works its not the right way to do it It's working. I just don't want to lose the connection if the power goes out Oh, but how can you see where it goes. You can see the mouse cursor and that's about it. if it is working and its not the right way to do it, then you are doing the right thing in using it where is the settings that will make the 2 screens? doomz: I don't recall seeing that option hmm doomz: But I'm using this as a backup for my moms computer that does my binder. I can't afford to have a duplicate there... DoomZ: I'm not sure what you're asking you can get dvd with images of all your settings oh what i want to do is get the 2 screens in the same image doomz: what's your card? not i dont want 2 screens side by side i want them in one image doomz: How far along are you in the install process? i just did 82157476af
